

5th International Conference on Orthopedics, Osteoporosis and Musculoskeletal Disorders

Theme: Advancements in Technology for Orthopedics, Osteoporosis, and Musculoskeletal Disorders

Date

Nov 19-20, 2025

Venue

Paris, France

SCAN ME

Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. About Conference

With the great success rate of Orthopedic 2024 and with the guidance and the suggestions from our Honorable Speakers we are stepping into our 5th series of the conference entitled “**5th International Conference on Orthopedics, Osteoporosis and Musculoskeletal Disorders**” scheduled on **Nov 19-20, 2025** in **Paris, France**. Orthopedic 2025 welcomes all the eminent researchers and scholars around the globe to be part of the most awaited event of Orthopedic 2025 with the theme “**Advancements in Technology for Orthopedics, Osteoporosis, and Musculoskeletal Disorders**”.

Conference Schedule

Day 1 - Nov 19, 2025 (Wednesday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - Nov 20, 2025 (Thursday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

5th International Conference on Orthopedics, Osteoporosis and Musculoskeletal Disorders

NOVEMBER 19-20, 2025 | Paris, France

SPEAKER PRESENTATIONS

Title: Early Postoperative Weight Bearing Following the Reconstruction of Traumatic Complex Tibial Bone Defects by Vascularized Free Fibula and Ilizarov External Fixator: A Case Series

AbdAllah Elgouhary, Rashid Hospital, United Arab Emirates

Title: Catastrophic skin necrosis after total knee arthroplasty: a case report and review of the literature

Hamidreza Zafari, Joint Reconstruction Research Center, Tehran University of Medical Sciences, Iran

Title: An MRI Derived Formula for Estimating Native Joint Line Position in the Presence of Distal Femoral Bone Loss

Reuben Rao, Sarawak General Hospital, Malaysia

Title: Traumatic Posterior Sternoclavicular Joint Dislocation With a Five-Day Delayed Presentation: A Case Report

Salem Althuwaykh, King Fahad Medical City, Saudi Arabia

Title: Massive Splenomegaly in Felty's Syndrome: A Case Report

Laura Naves Soares, University of São Paulo, Brazil

Title: Systemic lupus erythematosus (SLE)

Maham Munawar, United States

Title: Controversies in the Management of Acute Achilles Tendon Ruptures

Haroon Majeed, Manchester University Foundation Trust, United Kingdom

Title: Role Of Smartphone App System In Improving Patient Experience And Outcomes In Knee Arthroplasty

Prashanth D'sa, Aneurin Bevan University Health Board, United Kingdom

Title: Adult acquired flatfoot deformity (AAFD) is characterised by the collapse of the medial longitudinal arch (MLA), forefoot abduction and hindfoot valgus

Sanjani Murugesu, United Kingdom

Title: Anti-Inflammatory and Functional Synergistic Effects of Moringa (Moringa oleifera) and Theraband Training in Rheumatoid Arthritis Treatment

Maliha Khalid Khan, Muhammad Institute of Medical and Allied Sciences, Pakistan

Title: Landmarks and Safety Surgical Position for a Novel 3D-Printed Guider in Treating Humeral Greater Tuberosity Split Fracture (Liu-Gang Type I): Surgical Technique and Anatomic Study

Shusheng -Zhu; Gang Liu, Southwest Medical University, China

Title: Radiotherapy in Dupuytren's disease of the hand: a forgotten modality? A Survey of the British Society for Surgery of the Hand Consultants

Prashanth D'sa, Aneurin Bevan University Health Board, United Kingdom

Title: Management of Ankle Arthritis

Haroon Majeed, Manchester University Foundation Trust, United Kingdom

Title: Case Report: Synovial Fistula Associated with Total Knee Replacement Aseptic Loosening and Polyethylene Wear

Liannette Padilla Martinez, Centro Ortopedico del Norte, Puerto Rico

Title: Study of Preoperative Risk Factors Associated Knee Stiffness Requiring Manipulation Under Anesthesia after Knee Replacement Surgery in the Hispanic Population in Puerto Rico

Liannette K. Padilla Martinez; Saul Hernandez Rodriguez; Rafael Señeriz Ortiz, Centro Ortopedico del Norte; Hospital Episcopal San Lucas, Puerto Rico

Title: Enhanced Recovery Programme – Does Preoperative Education Reduce the Length of Hospital Stay

Mahmood Ahmad, Milton Keynes University Hospital, United Kingdom

Title: Public Awareness of Rheumatoid Arthritis and Ankylosing Spondylitis in Lebanon

Jeanine Menassa, Lebanese University; Lebanese American University, Lebanon

Title: Optimal tunnel placement and surgical techniques for ACL reconstruction

Sergei Bantser, Vreden National Medical Research Center of Traumatology and Orthopedics, Russia/Spain

Title: Chebulinic acid attenuates LPS induced bone loss in mice by ameliorating ROS & inflammation via blockage of NFκB pathway

Kriti Sharma, CSIR-Central Drug Research Institute, India

Title: Pathophysiology of chronic muscle pain

Juhani Partanen, University Central Hospital, Finland

Title: Examining the Association Between Serotonergic Antidepressants and Blood Transfusion Requirements in Orthopaedic Surgery: A Comprehensive Analysis

Faiez Iqbal, Medway Maritime Hospital, United Kingdom

Title: Efficacy of dry needling versus transcutaneous electrical nerve stimulation in patients with neck pain due to myofascial trigger points

Anjana G, King George's University, India

Title: Sacroiliac joint dysfunction and lumbar pain. Evaluation in a Brazilian population

Gabriela R Lauretti, University of São Paulo, Brazil

Title: The Effect of HbA1c level on Post-Operative Complications Following Rotator Cuff Tear Repair Surgery: A Meta-Analysis Study

Fay Alotaibi, Saudi Arabia

Title: Triangular Fibrocartilage Complex and Ligamentary Injuries: Correlation between MRI and Wrist Arthroscopy Findings

Oscar Loyola Luna, Hospital Ángeles Pedregal, Mexico

Title: Does Statin Therapy Have a Beneficial Effect on Knee Osteoarthritis?

Abla El Hajjaji, Hassan II University Hospital, Morocco

Title: Case report of a symptomatic ankle arthrodesis with conversion to total ankle replacement with pre-operative 3D navigation and literature review

Michael TL Wong, Queen Elizabeth Hospital, Hong Kong

Title: Relationship of Core Stability on Pain and Functional Levels in Patients Diagnosed with Hip Osteoarthritis

Anabel Sciriha, University of Malta, Malta

Title: Osteopathic approach in the stimulation of the endocannabinoid system: case report

Emanuele Novelli, Italy

Title: Comparison of Intra-articular Haematoma Block and Procedural Sedation for the Manipulation of Closed Ankle Fracture Dislocations: A Cross-Sectional Study

Mahmoud Elmesallamy, United Kingdom

Title: The beneficial impact of pre-operative hand therapy appointments for Plastic Surgery hand trauma patients

Milen Santhosh, Northampton General Hospital, UK

Title: THE great Imitator

Alfred Miller, Univ. Of Texas Medical School, USA
