

6th International Conference on Orthopedics, Osteoporosis and Musculoskeletal Disorders

Theme: Emerging Technological Innovations in Orthopedics, Osteoporosis, and Musculoskeletal Disorders

Date

Nov 09-10, 2026

Venue

Bangkok, Thailand

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

About Conference

With the great success rate of Orthopedic 2025 and with the guidance and the suggestions from our Honorable Speakers we are stepping into our 6th series of the conference entitled “**6th International Conference on Orthopedics, Osteoporosis and Musculoskeletal Disorders**” scheduled on **Nov 04-05, 2026** in **Dubai, UAE**. Orthopedic 2026 welcomes all the eminent researchers and scholars around the globe to be part of the most awaited event of Orthopedic 2025 with the theme “***Emerging Technological Innovations in Orthopedics, Osteoporosis, and Musculoskeletal Disorders***”.

Conference Schedule

Day 1 - Nov 04, 2026 (Wednesday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - Nov 05, 2026 (Thursday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

6th International Conference on Orthopedics, Osteoporosis and Musculoskeletal Disorders

November 09-10, 2026 | Bangkok, Thailand

SPEAKER PRESENTATIONS

Title: Pseudotumors in Total Hip Arthroplasty: Pathogenesis, imaging and treatment

Mitropetrou Fevronia Maria, General Hospital of Chalkida, Greece

Title: Percutaneous osteosynthesis of acetabular fractures with quadrilateral plate involvement using an infra-pectineal plate through a new paramedial approach using cadaveric specimens

Edgardo Ramos, Mexico

Title: The influence of age and BMI on foot progression angle in knee osteoarthritis: A correlation analysis

Aavrati Rastogi, All India Institute of Medical Sciences (AIIMS), India

Title: Cement augmentation of pedicle screws may delay interbody fusion after transforaminal lumbar interbody fusion

Yanming Fang, Beijing Jishuitan Hospital; Capital Medical University, China

Title: Percutaneous Vertebroplasty with cement-augmented hollow screw fixation for Kummell disease: A case report highlighting diagnostic challenges and surgical outcomes

Sachin, Xinjiang Medical University, China

Title: One standard, Two systems: VTE prophylaxis gaps between the UK and Jordan

Fuad Tawfeeq Alshogerrat, Prince Basma Teaching Hospital, Jordan

Title: Surgical affordances in knee reconstruction: How artificial ligaments specify whole-joint proprioception

Wangdo Kim, Universidad de Ingenieria y Tecnologia- UTEC, Peru

Title: Percivall pott (1713-1788): Father of orthopaedics and pioneer of occupational medicine

Seth Forster, Worcestershire Acute Hospitals NHS Trust, UK

Title: Modified NUSS procedure in pectus excavatum treatment in adults

Aleksandr Osbornev, Saint-Petersburg State Research Institute of Phthisiopulmonology of the Ministry of Healthcare of the Russian Federation, Russian Federation

Title: Mycetoma (madura foot): Delayed diagnosis and successful recovery in a young patient

Zomoroda Mohamed, University of Bahri, Sudan

Title: Distal femoral replacement versus open reduction and internal fixation in elderly distal femur fractures: A systematic review and meta-analysis

Ahmed Elnewishy, Royal Berkshire NHS Foundation Trust, UK

Title: Current Management of Extensor Pollicis Longus (EPL) Tendon Rupture: A Narrative Review

Robinson Santiago Basto Cruz, CAFAM clinic; Universidad Militar Nueva Granada, Colombia

Title: Novel Plant-Derived Gold Nanoparticle Coating for Orthopedic Implants: A Multifunctional Strategy for Antimicrobial Protection and Osseointegration

Santhosh Kumar Tumkur narayanappa, India

Title: Enchondroma of Hands - A Surgical Dilemma and Our Experience

Gourab Biswas, PEERLESS Hospital, India

Title: Comparative study in both bone forearm fractures with intramedullary nailing vs plating

Kushagra Dave, Zydus Medical College and Hospital, India

Title: Perioperative telemonitoring in patients with degenerative spinal disorders

Aleksei Kokorev, Priorov National Medical Research Centre for Traumatology and Orthopaedics, Russian Federation

Title: Does sacroiliac dysfunction lead to change in center of gravity – A review

Neha Chitale, India

Title: A comparison of foot pain and dynamic stability among flat and heeled footwear users in undergraduate female medical students

Rida Aziz, Pakistan

Title: Metabolic osteogenesis imperfecta: A case series exploring phenotype with novel variants

Prashant Kumar Verma, AIIMS Rishikesh, India

Title: Consideration of the legal concept of medical practices related to orthopedic surgery

HOSIK Shin, Wooriho Hospital, South Korea

Title: Mueller Weiss: Options in Medical and Surgical Management

John Visser, Residency Training Foot & Ankle Surgery, USA

Title: The new algorithm for treatment of primary nonspecific acute vertebral osteomyelitis

Vladimir Dyukarev, Kursk State Medical University, Russian Federation

Title: The Effect of Environmental Micro- and Nanoplastics on Human Joint Health

Ricki Sheldon, A.T. Still University, USA

Title: Pathological Fracture in a Proximal Phalanx Enchondroma of the Foot Treated with Curettage, Synthetic Bone Substitute Placement, and K-Wire Fixation

Satyajeet Dash, Lokmanya Tilak Municipal Medical College and General Hospital, India

Title: Repurposing avulsed skin as a primary full thickness autograft in extensive lower limb degloving: A case report

Rishabh Guliani, Dayanand Medical College & Hospital, India

Title: Kinesio taping for the management of athletic conditions

Dalal Aldakheel, Imam Abdulrahman Bin Faisal University, KSA

Title: Arthroscopic ACL Reconstruction in Hereditary Multiple Exostoses Using a Peroneus Longus Autograft: A Rare Case Report

Harshita Udiwal, Bhagyoday Medical College and Hospital, India

Title: Sports-related sudden cardiac death: Developing a valid And reliable screening tool

Mohamed Al.Rayes, Primary HealthCare centers, Bahrain

Title: Early assessment of functional measures and comparison of subvastus and medial parapatellar approach in Knee Joint Replacements

Anshul Raj, Christian Medical College, India

Title: Vertebral fracture during cardioversion for atrial fibrillation: a case report and revision of the literature

Matteo Spadini, Università degli studi di Perugia, Italy

Title: Biportal endoscopic spine surgery for adjacent segment disease following prior lumbar fusion: a case series of ten patients

Apoorv Kumar, Apollomedics Super Speciality Hospital, India

Title: Lower Limb Biomechanics and Clinical Practice

Abbie Najjarine, Podiatric Biomechanical Practitioner, Australia

Title: Primary bone lymphoma of proximal tibia presenting with pathological fracture: A case report

Mohammad Ibran, RML hospital, India

Title: Proximal Femoral Deficiency Reconstruction by Long Stem Prosthesis

Nehal Shrikant Salgaokar, Goa medical College, India

Title: Diagnosis delay and management of pediatric calcaneal osteomyelitis: A case report

Massoud Mustafa, KRG MOH, Iraq

Title: Endoscopic techniques for releasing the locked Facet joint will correct multilevel spine Degenerative Deformity

Aloysius Bambang Darwono, Gading Pluit Hospital, Indonesia
